To Members and Pupils-In-Chambers of the Penang Bar,

Survey on AI Usage

The Penang Bar Committee, through the Small Practice Subcommittee, is conducting a survey to gather feedback on the AI usage by small practices in Penang.

The purpose of this survey is to better understand the AI usage experienced by Members in small firms, including operational, financial, regulatory, technological, manpower and practice-related issues. The feedback collected will assist the Committee in identifying areas where support, engagement and possible initiatives may be considered.

Members who are practising in small firms are kindly requested to participate in this survey and submit their responses via the link provided [here](#) on or before 29 October 2026.

Your participation and feedback are important and greatly appreciated.

Thank you.
